**Price: FREE**

✓ Medical-School Management Tool    ✓ Informative Messaging

## Let Us Help You Make the Most of Your Journey

Most medical schools expect students to excel not only in academics but also in their experiences such as research, service, leadership, professional exposure and more - and then to combine these to compile a strong and well-timed application.

With our Medical-School Management Tool, you can take control of your entire medical application process.

## What's Included

### Medical-School Management Tool

- Access to our state-of-the-art Medical-School Management Tool that allows you to track, manage, and print your all-important pre-med experiences
- Access to key guidelines necessary to build a strong medical school application
- Accessible on both web and mobile

### Informative Messaging

- Receive important information regarding the medical school admissions process in real time

**Enroll now! Call [800-2REVIEW](tel:800-2REVIEW) or email one of our Medical Admissions Enrollment Advisers at [admissions-med@review.com](mailto:admissions-med@review.com) to enroll.**
