Comprehensive Support from a Premier Admissions Counselor

- Work exclusively with our [Premier Counselor](#), the most experienced member of our admissions team, who's also a physician, admissions committee member, veteran pre-health advisor, and nationally recognized speaker
- Get urgent questions answered quickly with unlimited messaging to your Premier Counselor through your confidential student dashboard

Exclusive Admissions Resources

- Access extensive resources available only to our admissions counseling students! Includes insider tips to get you noticed—and accepted—via outstanding personal statements, experiences, secondary essays, and interviews

Primary Application Support

- Detailed, expert consulting on your entire primary application—from start to finish
- Thorough review of your candidacy as a whole, including coursework, GPA, MCAT scores, clinical, research, and volunteer experiences, and more
- Expert insight into what healthcare professional schools are *really* looking for in your personal statement and experiences
- 3 detailed rounds of revision of your personal statement
- 3 in-depth rounds to compile and refine your list of 15 experiences, including how to select and draft your 3 “most meaningful” ones
- Expert input on school selection and letters of recommendation with the aim of maximizing your chances of acceptance

Secondary Applications and Interview Preparation

- Assistance with essay development and one round of detailed revision from your Premier Counselor—for up to 16 secondary applications
- Interview coaching, support, and feedback prior to your first interview (both traditional and MMI interview formats)
- Post-interview support
- Review of post-interview “thank you” notes

Additional Application Support

- Feedback on letters of intent and continued interest
- Assistance with final school selection, waitlists, and—where applicable—strategizing a plan B, including a gap year, post-baccalaureate and master's programs, reapplication, and more
- Celebrating your acceptances!
