Work with a seasoned admissions expert on a strategy that will address your potential mis-takes and enhance your chances for acceptance.

What's included

- Step 1. Your admission expert reviews your admissions profile to identify weaknesses and ways to improve them.
- Step 2. We will then review one primary application and up to two secondary applications looking for flaws in presentation that you can improve for when you reapply.
- Step 3. Next, we will provide written feedback and advice on how to improve elements of your application (essays, experiences, interviews, letters of rec, etc.), handle weaknesses, and highlight your unique strengths.
- Step 4. Your admissions expert will then schedule a follow-up phone call during which you can ask questions and discuss our recommendations.
- Step 5. If you later decide to purchase a Comprehensive or Premier Admissions Counseling Package for your reapplication, we will credit 100% of your Rejection Review cost towards your admissions counseling package.
