There is a search bar with the placeholder 'Enter your test name' and a pink 'FIND YOUR PREP' button. ## Getting Started

### Preparing for your Exam

This dashboard will provide you with the relevant documents, practice exams, and class sessions that you need to gain a greater understanding of your exam content and a better score on test day.

#### YOUR DASHBOARD HAS:

- A Home Tab - where you can find relevant course documents and links
- A Practice Tests Tab
- A Schedule Tab

#### TO ATTEND CLASS SESSIONS:

Plan to log into your dashboard ahead of your scheduled session. Navigate to the schedule tab, and click on the class launch link which is available 15 minutes before the session start time, or when the instructor is present. There a pink connect button will appear so you may join that session. If you don't see the connect button at the scheduled time of your session, exit and try again. It could be that both you and the instructor initiated the online session too close together.

To make sure you're prepared for the official exam, visit this [exam calendar](#) webpage and make sure to check with your local sites for confirmed dates and times for test administration. If you're looking for more information about the official exam you can visit this [Exams Overview](#) webpage for an overview of the exam details.

Best of luck, now let's get to work!

Your Home page consists of your online materials, guides, course schedule, and coursework.

Start by going through the course syllabus before your first class session to make sure you're aware of all assigned homework and practice tests.

# PRACTICE TESTS

You will see a list of *Required Tests* that you will be assigned to complete throughout your course.

Your Portal will automatically generate a score report when the test is completed online. A link underneath the test will appear – select it and a new section on the Practice page titled ‘View Score Reports’ will expand. Use these reports to follow your score trends and find your personal areas of strengths and difficulties.

- View each test section by using the different tabs. Your results for that section will appear.
- Hover over incorrect answers to see explanations and concepts tested.
- After you take multiple tests, your Portal will be able to show progress over time.

The Princeton Review AP Cram Pack interface. The top navigation bar includes 'Home', 'Practice Tests', and 'Schedule'. A sidebar on the left lists 'AP English Literature Prep Tests' with sub-items 'AP English Literature Test 1', 'AP English Literature Test 2', and 'AP English Literature Test 3', each with a 'Start' button. A teal arrow points from the 'Start' button for Test 1 to a notification box on the right that says 'Ready to take a practice test? Here's how to get started!' and features a 'Paper & Pencil Test' section with a 'Launch Bubble Sheet' button. Below this, the 'AP English Literature Test 1' score report is displayed, showing a score of 20% (20/100) submitted on January 5, 2023. A 'Download Report' button is in the top right. A progress bar shows 20 out of 100. A 'TOGGLE' callout points to a question detail window for question 6, which shows the user's answer (A), the correct answer (D), and the concepts tested: 'AP English Literature: Prose: Style/Structure/Tone'. At the bottom, a grid of 55 question indicators shows 11 correct (green checkmarks), 44 incorrect (red X's), and 0 blank (circled X's).
